

# 2026 Mississippi QSO Party

The twenty third Mississippi QSO Party is now history. Participation from Mississippi Stations was great. Scanning the logs received indicates that 47 Mississippi Stations were on the air. Conditions were odd. 10 and 15 sounded like winter time. 20 sounded like summer time with lots of sporadic E. 40 and 80 were afflicted by QRN as a result of storms from a cold front passing through the state.

The submitted logs have been checked and double checked. MSQP in-state results are below for those who provided email addresses or otherwise by snail mail (out-of-state results to follow). Those eligible for certificates or plaques will receive them by snail mail or possibly for a club presentation, if that can be arranged.

Thanks to W5UE for updating MSQP information on the Section Website, N5NA for coordinating the Planned County Activation Map on the Website, W5UMS for designing the certificates, and NV5A for preparing the plaques.

Also thanks to the 599 Association (N5M), the Magnolia DX Association (K5MDX), the Mississippi Coast ARA (W5SGL), W4XK/5 from Chattanooga, WJ5ES/5 from Natchez, and K4ZGB/M from Birmingham for activating many rare counties. A special pat on the back for K4ZGB/M, who made 357 QSOs in 9 hours while driving 200 miles through 9 counties fighting one rain storm after another. Wow! Tom is a real trooper!

The In- State results are provided below. Note that the numeric columns are number of contacts, QSO Points (1 SSB, 2 CW/FT8), multipliers worked, and final score.

(\*) Indicates unlimited Ops/Xmtrs    (\*\*) Not eligible for awards – QSO Party Staff
